Ready for Boston Marathon.

Boston, April 18.—Interest in the sixteenth annual American Marathon race, to be conducted to-morrow under the auspices of the Boston Athletic Association, has lived to a noticeable extent with the near approach of the date for the race. This year's contest will be the official try-out in the East for the Olympic Marathon team, and as a natural consequence the number of entries is larger than ever before. The entries come from many points in New England, New York and Eastern Canada.

New York to London by Wireless.

New York, April 18.—The stockholders of the Marconi Wireless Telegraph Company of America met today to authorize an increase in the capital stock from \$1,662,500 to \$10,000,000 of which about \$7,000,000 is to be issued soon for extending the system in this country. It is understood that the plans include the erection of a powerful station near New York, which will communicate directly with one to be erected near London and of another in this vicinity for communicating with the South, probably through Cuba to Panama, and thence to South American points.

CARTER RECEIVES HEARTY CONGRATULATIONS

Washington, D. C., April 17.—Congressman Charles Carter, of Oklahoma has received the congratulations of the entire house on the ten minutes speech made by him against the Jones amendment to the Indian Appropriation Bill for the continuance of Indian Children at Hampton school, Virginia.

Hampton school is a negro school to which about one hundred Indians have been sent by the government for the past thirty years. The mixing of these two races in this school has been a thorn in the side of both the Indian congressman and Chairman Stephens ever since they came to congress.

Upon the impetuous demand of these two gentlemen the majority of the Indian committee cut out the appropriation for Indian pupils at this negro school. Congressman Jones, of Virginia, offered an amendment reinstating the item for Indians at Hampton school, and this brought about a long and heated debate culminating in the speech of the Oklahoma congressman, who closed for the committee.

When Mr. Carter had finished, the chairman of the committee of the whole house (Mr. Barnhart, of Indiana) congratulated him upon his speech almost every paragraph of which was punctuated with applause. Concerning the speech Mr. Barnhart said "that was one of the most attractive and forceful speeches ever made on the floor of the house during my service. Mr. Carter drew a beautiful and impressive word picture contrast to the statement a previous speaker had made as to the many things the white man had done for the Indian. He insisted that the white man had also done some things for the Indian. His recital of how the white man came here with the request that he be permitted to stay over night on these shores and how during the night he planted a cross in the name of the Christian religion and in the morning claimed the dominion of the American Indian as his own was logical, eloquent and pathetic. When the chief told us of how the Indian had acceded to every demand of civilization, but now refused to debase his self respect by placing himself on the social equality with the negro there was nothing to do but to defeat the amendment."

It was one speech on the floor of the house which actually changed a result. Before this speech was made

LATE REPORTS ADD TO GLOOM

TITANIC HORROR NOT LESSENED BY LATEST MESSAGES.

New York, April 17.—The roll of

saved from the Titanic disaster tonight seems complete. Practically every attending circumstance in the transmission of news from the Carpathia goes to show that only 328 of the 610 cabin passengers of the Titanic are safe on the rescue ship. The 282 cabin passengers whose names have not appeared in the lists sent ashore yesterday by wireless must probably be conceded as among the 1,312 lives which the collision of the mammoth new steamer with an iceberg off the Newfoundland Banks Sunday night is believed to have taken.

Thousands of hopeful hearts were turned to despairing ones when the United States scout cruiser Chester reported late today that she had been in communication with the Carpathia and had asked repeatedly for the full list of the first and second cabin survivors, and that the rescue ship reported that all the names had already been sent ashore. The remainder of 540 people saved were passengers in the steerage or members of the crew.

After the strain of three days without news of their missing ones, there were few of the hopeful that still held out tonight against the seemingly final word as to the fate of friends and relatives.

The small remaining hope of the few who persistently refused to believe the worst rested tonight in faint possibility that the list of survivors, sent by wireless from the Carpathia might, after all not be quite complete.

The fact that one new name came through late today in a private message from the Carpathia was the basis of what was a desire, more than a hope, that there were slips enough in her wireless lists to account for a few, at least, of those still unaccounted for. At the best, however, it appeared that it could be only an occasional one whose safety had not been reported through some error of compilation on the liner or wireless transmission.

From the Carpathia, which was approximately 600 miles from New York this morning, and which is expected if she keeps up her rate of thirteen knots an hour, to reach the entrance of the harbor by 8 o'clock tomorrow night, came a new report during the day as to the number of survivors on board.

Through the Cunarder Franconia which established wireless communication with the rescue ship, came a message which included this statement: "She has a total of 705 survivors aboard."

The previous statement from the Carpathia has been that she carried 568 survivors. It may be that the report received through the Franconia included a count of rescued passengers only, disregarding the 100 or more members of the crew who must have been in the boats which the Carpathia picked up.

not less than 70 per cent. of the membership of the committee favored the Jones amendment, while at the close of Mr. Carter's appeal, the matter was decided not by a partisan vote, but was defeated by the overwhelming majority of 85 to 33.

SMITH'S

NEBRASKA WILL VOTE TOMORROW

Lincoln, Neb., April 18.—The multitude of candidates for public office in Nebraska closed their speaking tours today and the lines were drawn tight for the state-wide primary tomorrow, which is to determine the complexion of the ballots in the election next fall. In the primaries the voters of all parties will record their preferences for nominees for the presidency, for United States senator, for governor and other state officers, for nominees for representatives in congress, for delegates-at-large and district delegates to the national conventions, for presidential electors and for minor officers. In addition, five constitutional amendments for adoption as party measures will be submitted to the voters. The ballots are the largest ever used in Nebraska.

The constitutional amendments are to be voted upon by each party separately to determine whether or not they will be endorsed by the party. The vote on presidential and vice presidential preferences, the election of national committeeman and delegates and alternates to the national conventions, are additions made to the primary ballot by the last legislature.

Forecasters generally confess themselves at sea and unable to give a definite idea of the probable results of the presidential preference vote in either the republican or democratic party. The names of Taft, Roosevelt and LaFollette will appear on the republican ballot and those of Wilson, Harmon and Clark on the democratic ballot.

Nebraska is a strongly progressive state and the Taft people, while hopeful, are not making any definite claims. Their chief reliance rests on the possibility that the strength of Senator LaFollette may draw heavily from the Roosevelt vote. The Roosevelt managers, on the other hand, are confident that neither Taft nor LaFollette will head off a solid delegation for the former president.

On the democratic side there is also little basis for a clear-cut and readily defensible forecast on the presidency. The Clark managers appear to be the most optimistic. One interesting phase of the situation is the position of William J. Bryan. Mr. Bryan is named as a delegate on all the tickets, as a special honor, but his friends are a little apprehensive that with the radical strength split between Clark and Wilson and the conservative democratic vote banked solid behind Harmon, the Ohio man may possibly win on plurality and thus give to a smiling political world the spectacle of Mr. Bryan going to Baltimore instructed for Harmon, whom he bitterly opposes.

The contest for the United States senatorship is arousing considerable interest. Senator Norris Brown, republican, whose term will expire next March, is a candidate for re-election. His opponent on the republican side is Congressman George W. Norris of the Fifth district. The contest between the two is closely connected with the republican presidential race. Congressman Norris is one of the recognized leaders of the republican "insurgents" in the house and an outspoken opponent of President Taft and his policies, while Senator Brown is on friendly terms at the White House. The democratic aspirants for Senator Brown's toga are former Governor Ashton C. Shallenberger, W. H. Thompson of Grand Island and Willis E. Reed of Madison.

All the present representatives in congress are candidates for renomination with the exception of Norris of the Fifth District, who is a candidate for the senate. S. R. Barton and W. A. Prince, both of Grand Island, are the republican aspirants for the Fifth district nomination, and R. D. Sutherland is the democratic candidate.

Governor Chester H. Aldrich is a candidate for renomination. Two democrats are contesting for the gubernatorial nomination. To add to the complex political situation in Nebraska, the socialists of the state are planning this year to wage the most aggressive campaign they have ever made. They have nominated a full state ticket, candidates for United States senator and congressman and candidates for the state legislature in many of the districts.

BUILDING PLASTER MILL NEAR RUSH SPRINGS

Chickasha, Okla., April 18.—The Acme plaster and cement plant, located three miles west of Rush Springs will cost in the neighborhood of \$100,000 when completed and the company will employ between seventy-five and one hundred men.

The company has erected the plant for the manufacture of cement-plaster and it is estimated that there is enough natural material in that immediate section to keep the plant in operation more than a century.

The company located the plant last September and it was here that the man was killed last week while working on the roof of the building. The plant will be completed in a few weeks.

Decision by Court of Appeals, Oklahoma City, Ok., April 17.—Jury men, after rendering their verdict, may not go into court either by affidavit or by the giving of oral testimony and impeach or defeat their own finding, since there is no statute authorizing such to be done, was held by Presiding Judge Furman of the criminal court of appeals today in affirming the case of R. E. Keith of Muskogee, convicted for violation of the prohibition law. The court's ruling is contrary to the holding in many states. The opinion says that in not permitting this to be done justice may occasionally miscarry, but on the other hand to do so opens wide the door to corrupt practices. Juries will be subject to influences after they have been dismissed, the court says, tending to induce them to repent of their verdict, and endeavor to revoke it, thereby taking from the court the power to grant new trials.

It was alleged that the jury arrived at Keith's verdict by lot. All agreed as to the guilt, but when it came to fixing the amount of punishment each member of the panel wrote on a slip of paper his view. These were added, then divided by twelve the number of the jurors, which resulted in \$400 fine and ninety days' imprisonment.

The supreme court of the Territory of Oklahoma was overruled in an opinion by Judge Doyle, holding that an assault committed upon a girl below the statutory age, it was immaterial whether the girl gives her consent or not, the case being that of O. H. Lee of Pontotoc county, found guilty of a felonious assault, which was affirmed.

Other cases by Judge Doyle were Bash Beard, Latimer county, misdemeanor, \$25 fine, affirmed; Frank Pulling, Kiowa county, prohibition law, appeal dismissed; Walter Dean, Jefferson county, felonious assault, two years, affirmed; Ben Mitchell, Pottawatomie county, writ of habeas corpus, denied.

Presiding Judge Furman also delivered an opinion affirming the conviction of W. B. McKenzie of Woods county, for violation of the prohibition law.

NOSE STOPPED UP WITH CATARRH

A Common Sense Treatment for Catarrh and Asthma Gives Instant Relief.

No matter how miserable you are with catarrh or a cold in the head, nose stopped up, throat sore, eyes running, dull pain in the head, dry cough, fever, breath foul, Ely's Cream Balm will give you instant relief.

It gets right at the root of the trouble, cleanses, heals and strengthens the raw, sore membranes, stops the nasty discharge so that you are not constantly blowing your nose and spitting. In a few minutes after applied you can just feel it doing its work of clearing the head, the pain and soreness are relieved, the breathing becomes natural and the stuffed up feeling is gone. This cleansing, healing, antiseptic Balm contains no mercury, cocaine or other harmful drugs. It is easy to apply, pleasant to use, and never fails to give relief, even in the worst cases.

Never neglect a cold, and don't suffer the miseries of catarrh or disgust your friends with your hawking, spitting and foul breath. Get a 50-cent bottle of Ely's Cream Balm from your druggist and start the treatment at once. You will find that it will be the best investment you ever made. Special Agent—Gwin & Mays Drug Company.

MCALISTER GIVES UP RAILROAD PROJECT

McAlester, Ok., April 18.—The railroad meeting at the district courtroom Tuesday night devoted little attention to the subject of railroads.

Chairman Chaney of the soliciting committee presented a report stating that the committee had made the discovery that two roads are now seeking entrance to McAlester. At least one of the roads has taken such positive and expensive steps that a proposition is expected from it at any time.

After calling in some of the heaviest property owners of McAlester for conference, the committee concluded that it would be injudicious to ask the citizens to tie up \$200,000 in a short home built road and not be in a position to furnish the required bonus for a far more valuable line. The committee decided that subscribers to the railway company stock would put in only what they could afford to lose, not regarding it as an investment but solely as a town boosting proposition. It was thought that from a town

A WORD FROM

ALDERMAN RATLIFF

Ada, Oklahoma, April 17, 1912.
To The News:

In yesterday's paper under the heading, "Wants 9th St. Improved a Little," you publish an anonymous letter, which you state was submitted to the Council at the Monday evening session, and which you state was referred to the Street Committee. The letter in a kind of "heathen Chinee,"

or "Yidderish" mis-spelled, frivolous way calls attention to the condition of East Ninth Street, and uses the name of one of the Aldermen from the Second Ward, and its purpose on its face seems to be to reflect upon that Alderman, and as the article makes some misstatements of fact, I am noticing it. In the first place the "anonymous contribution" was not submitted to the Council officially, the Clerk not having read it, nor was it referred to officially. The Council

I take it, is glad to have sensible, earnest, serious, communications from any person in the City who desires to submit same, provided, the person feels enough interest in the matter in question to sign his or her name to the communication. But the Council will never with my permission fritter away its time with anonymous, and frivolous communications. The Council has for some weeks had the matter of East Ninth Street up for consideration, and the writer has had repeated conversation with the citizens of that street, and particularly with the only other resident of the block referred to, and that person, well knew that the Council was proceeding just as fast as possible under the circumstances in the matter, it having been referred to the Street Committee (of which the writer is not a member) more times than once, and was again referred to said Committee at the suggestion of the writer on Monday evening. Anonymous letter writing has never been a habit of mine, and in my opinion the practice was thoroughly handled in an article several years ago by W. C. Brann, Publisher of Brann's Iconoclast, to which I respectfully refer the writer of the anonymous contribution. There is not now, nor has there ever been as far as I know any stagnant water at the place mentioned on East Ninth Street. Hoping that East Ninth Street as well as every other Street in the City of Ada, will soon have attention, I remain,

E. S. RATLIFF.

NOTICE OF ELECTION.

Notice is hereby given, that by virtue of the authority vested in me by the constitution and laws of the State of Oklahoma, and an ordinance passed and approved by the Mayor and City Council on the 1st day of April, 1912, there will be held in the City of Ada, Oklahoma, a special election on the 30th day of April, 1912, for the purpose of submitting to the qualified electors of the City, the question: "Shall the City of Ada adopt the Charter prepared and proposed by the Board of Freeholders heretofore elected on the 4th day of January, 1912, and published in the Ada Weekly News, a weekly newspaper, for three consecutive issues, beginning on the 21st day of March, 1912, and ending on the 4th day of April, 1912." Said question shall be placed upon separate ballot and voted upon at such election.

Said election shall be held at the following places, to-wit:

First Ward at City Hall.
Second Ward at Ada National Bank Building.

Third Ward at Travelers Hotel.
Fourth Ward at Collins Concrete Building, 12th street.

The following named judges and clerks for each of said polling places are hereby appointed to conduct said election:

First Ward—J. T. Higgins and E. R. Banks, Judges; and John W. Beard and B. E. Timberlake, Clerks.

Second Ward—J. H. Wood and J. C. Van Meter, Judges; and R. E. Blanks and S. W. Hill, Clerks.

Third Ward—Martin Hively and A. J. Deaton, Judges; and John H. Jones and J. C. Chapman, Clerks.

Fourth Ward—G. P. Carney and W. H. Fisher, Judges; and R. O. Wheeler and H. A. Sprague, Clerks.

The polls at said election shall be opened at the hour of Six O'clock in the forenoon of said day, and closed at the hour of Seven O'clock in the afternoon of said day.

Given under my hand and seal of the City of Ada, Oklahoma, this 18th day of April, A. D., 1912.

(Seal) S. E. CHAPMAN, Mayor.

Attest: W. B. JONES, City Clerk.

Finest Turnout of Any Circus.

The Great London Shows Consolidated, which comes to Ada Wednesday, May 1st, will bring special importations in the way of all kinds of new circus acts which have been secured, in conjunction with a long string of the pick of American performers.

Every department has been increased extensively, and it is claimed the exhibition of blooded horses is the best ever offered, among which are the wonderful Dublin Grays, the Big Six, who have captured all of the

prizes at the prominent horse shows. They are valued at \$25,000.

The parade, said to be "the finest turnout of any circus has ever made in any country" will traverse the principal streets morning of show day.

The News may not contain as much local news as usual today for the reason that it was rushed out an hour or two earlier than usual. The boys all wanted to see the ball game, and as they are a bunch of faithful workers at all times, and this being the first big game of the season, the editor was glad to favor them a little.

Contagious Blood Poison, as the name implies, is an infectious blood taint which may be communicated from one person to another. Its virus is of a most insidious nature, multiplying from an insignificant germ in the blood until it becomes a thorough systemic poison. So powerful and dangerous is this terrible blood plague that no time should be lost in trying to drive it from the system. It should not be temporized with, but should be killed as one would a deadly serpent on the pathway. The first manifestation of Contagious Blood Poison is usually a tiny sore or pimple, but it rapidly spreads, and in a short time the entire body shows its presence in the blood. The mouth and throat ulcerate, glands in the groin swell, the hair begins to come out, copper-colored spots appear on the body, and frequently running sores and ulcers break out on the flesh.

A condition of such serious nature requires proper treatment. Not only must the disease be driven out, but the system which has been weakened by the powerful poison must be built up, before health can be restored. The question of most importance therefore is—what medicine has proven by actual results its superiority as a blood purifier? We claim this distinction for S. S. S. because of its successful record for more than forty years.

S. S. S. cures Contagious Blood Poison by purifying the blood. It goes into the circulation and removes the last trace of the infectious virus, acts with fine tonic effect on the stomach, bowels, kidneys, and other portions of the system, and thus makes a perfect as well as a permanent cure. S. S. S. is made entirely of roots, herbs and barks, each of which has a specific action on the system. Not a particle of mineral or other harmful substance enters into its composition. S. S. S. is perfectly safe for any one, and instead of upsetting the stomach, as mineral medicines often do, it tones up this important member, and makes digestion easy. Thousands have cured themselves of Contagious Blood Poison by the use of S. S. S., and if you will write and request it we will send you, without charge, our Home Treatment Book which will give you all necessary information for crushing out the life of this serpent-like poison and curing yourself at home. We will also give you free any medical advice you may wish. S. S. S. is sold at drug stores.
